

9 REASONS

TO START **YOUR** CAREER AT CLEVELAND CLINIC

PEOPLE

You will work with colleagues at the **top of their fields** in research and every clinical specialty.

An \$8 billion a year organization, Cleveland Clinic is continually growing. You will work in advanced facilities and have **full access** to clinical, educational and research resources (as well as protected research time).

RESOURCES

Our training programs are supportive and encourage **self-care, mutual support** and **work-life balance**.

CULTURE

UNRIVALED

Cleveland Clinic has among the highest acuity patient populations in America. You will have the opportunity to see and treat a **broader range of medical conditions** than anywhere else.

COLLABORATION

Communication, teamwork and **collegiality** are baked into our culture.

UNIFIED

We are united in a commitment to diversity, equity and inclusion in education. We believe that richness of thought, discovery and innovative thinking emerge from the work of **diverse people and teams**.

EXPERIENCE

You will gain broad and deep experience through **hands-on learning and direct patient care** so that you will graduate from your program a more competent physician.

ADVANCEMENT

As part of a physician-led organization, you will have the opportunity to stay on as staff and advance in salary, position and influence — **limited only by your ambition**.

LOCATION

You will have the opportunity to live and work in Northeast Ohio, an amazing place to raise a family, with outstanding schools, remarkably inexpensive housing, a Great Lake at your doorstep, exciting professional sports teams and an abundance of magnificent parks, nature, cultural resources and restaurants. **An easy place to live!**

AND YOU KNOW ...

We're serious about wanting you to train at Cleveland Clinic. We offer competitive compensation and benefits, an active House Staff Association, and supportive and engaged leadership. We hope you'll add Cleveland Clinic to your **short list!**
