

**Clinical Ethics Immersion Program (CLEIP) is a rigorous and innovative learning experience that combines a three-day preparatory intensive course and a two- or three-week clinical ethics immersion customized to meet your individual needs and interests.**

During the intensive course, you will enhance your knowledge of classical methods of ethics consultation and emerging approaches in clinical ethics through skill-building workshops and experiential exercises. During the clinical immersion, you will:

- Work one-on-one with Cleveland Clinic faculty bioethicists.
- Participate on a high-volume ethics consultation service that conducts over 750 consultations annually.
- Integrate into the full spectrum of Center for Bioethics activities, including interdisciplinary rounds, committee meetings and educational activities.
- Engage in reflective writing with a potential for collaborative publications.

Class size is limited and participants are selected competitively in order to foster relationships and extend professional networks

**Important Dates:**

**Intensive Dates: April 12<sup>th</sup>-14<sup>th</sup>, 2024**

**Application Deadline: December 1<sup>st</sup>, 2023**

To apply, and for information on tuition, course dates and curriculum, visit [clevelandclinic.org/CLEIP](https://clevelandclinic.org/CLEIP) or contact CLEIP at [cleip@ccf.org](mailto:cleip@ccf.org) or **216.444.8720**.

*Special rates are available for multiple individuals coming from the same organization and members of Bioethics Network of Ohio (BENO). Continuing Education credits for the intensive are pending.*
