

The Jeanne Clery Act

Annual Safety and Security Report

2024

Nondiscrimination Statement

Cleveland Clinic is committed to providing a working and learning environment in which all individuals are treated with respect and dignity. It is the policy of Cleveland Clinic to ensure that the working and learning environment is free from discrimination or harassment on the basis of race, color, religion, gender, sexual orientation, gender identity, pregnancy, marital status, age, national origin, disability, military status, citizenship, genetic information, or any other characteristic protected by federal, state, or local law. Cleveland Clinic prohibits any such discrimination, harassment, and/or retaliation.

Any participant in a Cleveland Clinic educational program, including any student, trainee or employee, who may have been subject to discrimination on the basis of a protected characteristic is encouraged to make a report to the [Office of Educational Integrity](#).

**For Emergencies, call:
City of Beachwood Police Department- 216-464-2343 or 911**

The Campus Security Act, Legal Requirements

The Campus Security Act requires colleges and universities to publish an annual report that contains certain campus security policy statements and three years of campus crime statistics. The School of Health Professions administrators, Program Director, and local police authorities work collaboratively to compile and publish the information. The School of Health Professions is responsible for preparing and distributing the Annual Safety and Security Report.

A review of campus crime statistics demonstrates that the Cleveland Clinic Administrative Campus used by the Beachwood Radiologic Technology and Primary Magnetic Resonance Imaging Programs is an extremely safe environment. The safety of students, faculty and staff is the result of collaborative efforts of all parties. Safety is a shared responsibility. Students, faculty and staff have an obligation to report suspicious activities and implement reasonable precautionary strategies with all activity.

Students are encouraged to use the information contained in this report as a guide for safe practices on and off the hospital campus. The report is available on the Beachwood Radiologic Technology and Primary Magnetic Resonance Imaging Programs websites.

The Beachwood Radiologic Technology and Primary Magnetic Resonance Imaging Programs do not own residential facilities for students and therefore policies related to: Missing Students Policy and Fire Safety Procedures, Statistics and Reports are not addressed in this Annual Safety and Security Report.

Campus Policing and Security Policies

Cleveland Clinic Administrative Campus (CCAC) maintains a 24-hour per day security force. Cleveland Clinic Administrative Campus security officers have security authority, but no policing authority. Cleveland Clinic Administrative Campus Security has an agreement with the Beachwood Police as first responders to security emergencies that occur on the Cleveland Clinic Administrative Campus or off site on City of Beachwood property. The Cleveland Clinic Administrative Campus has a security desk in each of the buildings that are staffed by CCAC security. All doors to each building are locked and only accessible by employee badging. Security can be reached at the following: Cleveland Clinic Administrative Services at 216-448-0082, Building 2 at 216-448-5151, building 3 at 216-448-0090, and building 4 at 216-448-5753. All security concerns should be reported promptly to the Security Department.

Reporting Criminal Incidents and Other Emergencies

Any emergency situation, criminal activity, incident or potential security problem should be immediately reported to the CCAC Security Department. Security incidents may also be reported in person to any of the security officers stationed in each building, or to any security officer. The Security desks at CCAC are staffed 24 hours per day. Any person witnessing, discovering or suspecting a crime or other incident

should report it to security immediately. Security cameras monitor the parking lot and garages at each building.

Confidential Reporting Through Pastoral and Professional Counselors

Pastoral and professional counselors are not employed by the Beachwood Radiologic Technology or Primary Magnetic Resonance Imaging Programs; consequently, there are no procedures to inform persons of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

However, students are permitted to utilize the services of Caring for Caregivers, the health system's employee assistance program. Information related to contacting Caring for Caregivers is found in the School of Health Professions Catalog which is posted on-line on the School's webpage. Student participation in Caring for Caregivers is confidential. However, counselors are required by law to report an alleged crime if an injury occurred which is the result of a gun or stab wound. Counselors may encourage victims of other crimes to confidentially report such crimes and may assist the victim in an assessment and analysis of the benefits and risks associated with reporting a crime.

Monitoring and Recording Criminal Activity at Off Campus Facilities

The Beachwood Radiologic Technology and Primary Magnetic Resonance Imaging Programs rely on their close working relationships with outside agencies to receive information affecting student and faculty safety. The Beachwood Radiologic Technology and Primary Magnetic Resonance Imaging Programs, in collaboration with the CCAC Safety and Security Department, will investigate any crime information received involving a member of the School community. If the programs are notified of a situation in which students, faculty or staff are victims of crime, a Campus Safety Alert may be issued.

Access to Campus Facilities

A student identification badge is required to enter all buildings in the Cleveland Clinic Health System. Students may enter CCAC through the front entrance and the parking garage entrance at any time using their student badge.

Safety Considerations in Maintenance of Physical Facilities

The Beachwood Radiologic Technology and Primary Magnetic Resonance Imaging Programs, through their relationship with the CCAAC Facilities and Maintenance department, is committed to safety and security. Representatives from various departments conduct regular surveys to ensure the safety of the grounds. Areas of concern may be addressed immediately upon discovery or may be referred to the department for follow-up. Students are encouraged to report safety concerns related to physical facilities by contacting any member of the faculty, staff or administration. Maintenance staff is available 24 hours a day to respond to calls for service regarding unsafe physical facility conditions.

Timely Warning Notices

To help prevent crimes and serious incidents, the Beachwood Radiologic Technology and Primary Magnetic Resonance Imaging Programs have the responsibility to notify student, faculty and staff about certain crimes occurring on the hospital campuses in which classes are held and other facilities utilized for implementation of the program, when known. Students, faculty and staff who know of a crime or other serious incident should report that incident as soon as possible to the Security Department. If possible, the incident should also be communicated to the Program Director of the Beachwood Radiologic Technology and Primary Magnetic Resonance Imaging Programs and, if necessary, escalated to the appropriate School of Health Professions administrator by the Program Director. Incidents may also be reported in person to the main security desk in the Emergency Departments or to any security officer.

Contact information is as follows:

- CCAC Security Department: 216.448.0082
- Program Director, Beachwood Radiologic Technology Program and Primary Magnetic Resonance Imaging Programs: 216.212.0484

The Director of Safety and Security, or designee, at CCAC will notify the Program Director of crimes or other serious incidents occurring on campus which may impact the safety of students, faculty and staff. After discussion of the nature of the incident and identification of level of threat to the safety and well being of students, faculty and staff, School of Health Professions administrators, or designee, will issue a Campus Safety Alert, if such is appropriate. When it is deemed necessary, Campus Safety Alerts will be distributed via the student e-mail and/or text.

The Department of Safety and Security is responsible for deciding if an incident is of such serious nature that the general public must be informed. In such an event, information is disseminated by hospital and/or Cleveland Clinic system leadership and done in accordance with Cleveland Clinic policy, procedure or protocol.

Incidents occurring at agencies used for the clinical component of the program may be communicated to the Program Director, Full-time Faculty/Clinical Coordinator, or School of Health Professions administration. When incidents are known and it is deemed necessary, Campus Safety Alerts will be distributed via text or email.

Ohio's Concealed Carry Law

It is the policy of the Cleveland Clinic Health System to prohibit any person from carrying a concealed handgun or other deadly weapon onto the property of any Cleveland Clinic facility. Only law enforcement officers on official business are exempt from this policy. Questions regarding this policy may be directed to the Cleveland Clinic Administrative Services, 216.448.0082.

School of Health Professions Emergency Preparedness

Comprehensive policies have been established to ensure the safety and well-being of students, Program Directors, faculty, administrative personnel, and patients during emergencies. Information about specific policies are provided during student onboarding and can be accessed on the Cleveland Clinic network through the Cleveland Clinic Policy and Procedure Manager ([PPM](#)) and [Department of Emergency Management intranet page](#). The School of Health Professions detailed Emergency Preparedness Plan is located on the [student intranet page](#). Students, faculty, and administrative personnel participating in School-related activities on non-Cleveland Clinic locations (clinical sites, field trips, educational facilities used under agreement with an external agency, etc.) should familiarize themselves with the emergency procedures of that location.

In the event of an emergency situation that disrupts educational programs, efforts will be made to ensure continuity of instruction through assignment of alternate learning facilities, flexible scheduling, remote learning, or another means as determined to be appropriate by the Program Director.

All faculty, administrative personnel, and students are empowered to report Critical events to the appropriate Security Operations Center or designated emergency phone number or via the Cleveland Clinic StaySafe app. The app is geofenced to our hospitals, family health centers, ambulatory surgery centers, free-standing emergency departments and administrative buildings to request site-specific emergency and non-emergency services, including:

- Emergency Police and Security response
- Non-emergency questions and requests, including a Safety Escort
- Code response for Cardiac/Respiratory Emergencies and Rapid Response
- Anonymous tip line to text information and images
- A safety timer to contact emergency contacts while walking
- Library with additional safety resources

Not at one of these locations? No worries. The app is programmed to default to 911 for other Cleveland Clinic locations. Users can also use some of the features anywhere in the U.S.

Cleveland Clinic StaySafe app can be downloaded directly from the [Apple](#) and [Google Play](#) app stores.

Cleveland Clinic Police Department

Non-Emergency: 216.444.2250
Emergency: 216.444.2222 or 911

Additional Hotlines & Emergency Numbers [More Information](#)

Crime Prevention Education and Awareness

The Beachwood Radiologic Technology and Primary Magnetic Resonance Imaging Programs are committed to creating and maintaining a community in which students, faculty, and staff can work and study in an atmosphere free from all forms of harassment, exploitation or intimidation.

Rape and Sexual Assault Prevention

Rape and all forms of sexual assault are prohibited by federal and state law and go against Cleveland Clinic and School of Health Professions policies.

Procedure a student should follow if he/she is a victim of rape or sexual assault:

1. Seek a safe place away from the perpetrator as soon as you are able and immediately dial 911. In addition, if the offense occurred on campus, notify campus security.
2. Preserve all evidence by not showering, douching, brushing your teeth, changing your clothes.
3. Write down everything you can remember about the perpetrator and the event.
4. Seek medical attention within the first 24 hours at the nearest emergency room or an emergency room of your choosing to assure your physical well being and to collect evidence. Physical evidence is needed if you wish to take legal action in the future.
5. Meet with a counselor to provide emotional support, gain information, and explore options. Information shared with the counselor will remain confidential. Students have access to Caring for Caregivers at the Cleveland Clinic.
6. Seek support from someone you trust.

Notifying Campus Security and Appropriate Law Enforcement Agencies

Campus security should be notified and will assist the student upon request to notify the appropriate law enforcement agency. Campus security will assist the student by providing the student with the necessary information of what notifying the local law authorities entails.

Beachwood Campus Security- 216.448.0082
Beachwood Police Department – 216.464.3243

Counseling and Emotional Support

Program officials will assist the student in contacting Caring for Caregivers for professional mental health counseling. Students may confidentially contact Caring for Caregivers directly by calling 216-445-6970 or 800-989-8820. The student will be provided with confidential assessment, counseling and referral services which will be limited to 1-3 sessions free of charge.

Other agencies available for emotional support:
Cleveland Rape Crisis Center Hotline- 216-619-6192 (24 hours a day)
Cleveland Rape Crisis Center Office- 216-619-6194

Change in Academic Situation

Students having experienced an assault may work with Student Services if they wish to change their current academic situation. Student Services will work with the student in making reasonable accommodations.

Disciplinary Procedures

Rape and all forms of sexual assault are a violation of School of Health Professions student code of conduct. Violation of the student code of conduct will result in disciplinary action that may include warning, probation, suspension or expulsion/dismissal.

Registered Sex Offenders

Registered Sex Offenders in Cuyahoga County may be accessed by using this link
<http://sheriff.cuyahogacounty.us/offendersearch.asp>.

Registered sex offenders registered in the State of Ohio can be accessed by using this link
<http://www.esorn.ag.state.oh.us/Secured/p1.aspx>.

Campus Escort Programs

While on the campus of any Cleveland Clinic Health System facility, students may call the respective Security Department for an escort to their car. While in a clinical area, students and faculty are encouraged to leave the facility as a group.

Substance Abuse Policy

Beachwood Radiologic Technology and Primary Magnetic Resonance Imaging Programs must ensure that students provide safe, high quality radiologic services while engaging in official school/educational activities. The programs strive to promote student health and well-being. Student use or abuse of dangerous drugs or alcohol is potentially harmful to self and others.

Students are prohibited while on Cleveland Clinic property or engaged in official educational activities from being under the influence of or possessing, using or distributing alcohol or illicit drugs. This prohibition includes time in class and clinical areas, field trips and clinical preparation time at any site. Illicit drugs include controlled substances, habit-forming drugs, chemical substances which impair ability to function, and any potentially dangerous drug used not in accordance with a legal, valid prescription.

In compliance with Federal regulations relating to the issuance and dissemination of drug and alcohol abuse prevention, the Beachwood Radiologic Technology and Primary Magnetic Resonance Imaging Programs distributes information to all students on the dangers of drug or alcohol abuse in the School of Health Professions Catalog.

Disciplinary sanctions up to or including dismissal from school, termination of employment and referral for prosecution may be imposed for individuals who engage in substance abuse practices.

Workplace Violence and Misconduct

The goal of the Beachwood Radiologic Technology and Primary Magnetic Resonance Imaging Programs is to provide an academic environment which ensures the rights and responsibilities of all persons and to establish guidelines that will assure an orderly and effective academic environment characterized by mutual respect, dignity and academic freedom. In keeping with that goal, students are expected to abide by and maintain a code of conduct which preserves academic integrity and safeguards honorable behavior towards fellow students, faculty, administrator, patients and all hospital staff. Certain behaviors would be incompatible with the above standards and are unacceptable in the Beachwood Radiologic Technology and Primary Magnetic Resonance Imaging Programs and hospital community. Students at all times must abide by local, state, and federal laws as well as program and Cleveland Clinic Health System policies.

Corrective action may be levied for those behaviors not specifically designated but within the overall policy and goals of this code. Any violation(s) of the standards of the student code may result in dismissal from the radiologic technology program and/or prosecution and civil action. The administration of the Beachwood Radiologic Technology and Primary Magnetic Resonance Imaging Programs reserve the right to evaluate whether or not certain situations may deviate from these standards.

Examples of non-academic misconduct include, but are not limited to, the following:

- A. Physically or verbally abusing, assaulting, threatening, endangering, or harassing any person connected with the school, hospital or any entity of the Cleveland Clinic.
- B. Engaging in harassment based on race, ethnicity, gender, sexual orientation, ability, or religious affiliation. This includes all written, oral, and electronic forms.
 - Harassment is defined as an assault on an individual's dignity and worth. It may include offensive jokes, ridicule, racial, religious, and sexual and/or ethnic slurs. It also includes unwelcome advances, requests or demand for favors, verbal abuse or discussion, gossip, rumors or comments regarding an individual's personal life, relationships and or preferences.
- C. Engaging in sexual assault, sexual exploitation, sexual harassment, non-consensual sexual contact and/or stalking as defined by the Ohio Revised Code.
 - Sexual Harassment is defined by the Equal Employment Opportunity Commission (EEOC) as any unwelcome sexual advances, requests for sexual favors, and or other verbal or physical conduct of a sexual nature when:
 - a) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or student status;
 - b) submission to or rejection of such conduct is used as a basis for decisions affecting that individual with regard to employment or to student status (e.g. grades, references, assignments, etc.);
 - c) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or educational experience, or creates an intimidating, hostile or offensive work and/or educational environment.
- D. Misusing or interfering with fire equipment or failing to follow fire drill or other precautions in the school and hospital.

- E. Participating in lewd or indecent misconduct.
- F. Possession, use, distribution and/or sale of any illicit substance and/or alcohol while on Cleveland Clinic property or engaged in school education activities.
- G. Disruptive Activities: Any actions that disturb the learning environment such as:
 - a) Improper verbal or physical conduct in any classroom, administrative offices, learning center, clinical or laboratory settings or any part of the hospital campus.
 - b) Intimidating and/or threatening a person that creates an environment of concern or fear.
 - c) Physically attacking a person or that person's property.
 - d) Damaging or destroying school or hospital equipment, supplies or records.
 - e) Interference with the freedom of speech or movement, or intentional disruption or obstruction of teaching, research, administration or other functions on school or hospital property.
 - f) Failure to comply with the directions of school or hospital officials, faculty or administrators acting in performance of their duties.
 - g) Engaging in behaviors which put the individual or others in danger.
- H. Disclosure of confidential patient information outside the confines of the academic or clinical setting, especially any information that could identify the patient.
- I. Disclosure of confidential student information, including student grades, student discipline information or any other information that is considered to be private and personal.
- J. Violation of published school, hospital, or clinical facility policies.
- K. Theft or vandalism of school or hospital property or of a patient or any member of the general hospital community or visitor.

School employees are held accountable to Cleveland Clinic policies related to workplace violence. All employees complete an annual competency review addressing violence in the workplace. All employees and students have a responsibility to report threatening or violent behavior. Reports of workplace violence will be fully investigated by school administration and hospital administration and security, as appropriate.

Definitions of Reportable Crimes

Criminal homicide

Murder and non-negligent manslaughter:

The willful (non-negligent) killing of one human being by another.

Negligent Manslaughter:

The killing of another person through gross negligence.

Forcible sex offenses

Forcible rape: The carnal knowledge of a person, forcibly and/or against that person's will; or not forcibly or against the person's will, where the victim is incapable of giving consent because of his or her temporary or permanent mental or physical incapacity (or because of his or her youth).

Forcible sodomy: Oral or anal sexual intercourse with another person, forcibly and/ or against that person's will, where the victim is incapable of giving consent because of his or her temporary or

permanent mental or physical incapacity (or because of his or her youth). **Sexual assault with an object:** The use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of another person, forcibly or against the person's will or not forcibly or against the person's will, where the victim is incapable of giving consent because of his or her temporary or permanent mental or physical incapacity (or because of his or her youth).

Forcible fondling: The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will; or not forcibly or against the person's will, where the victim is incapable of giving consent because of his or her temporary or permanent mental or physical incapacity (or because of his or her youth).

Non-forcible sex offenses

Incest: Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited.

Statutory rape: Non-forcible sexual intercourse with a person who is under the statutory age of consent.

Robbery:

The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated assault:

An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by a means likely to produce death or great bodily harm. (It is not necessary that injury result from an aggravated assault with a gun, knife, or other weapon is used that could and probably would result in serious personal injury if the crime were successfully completed.)

Burglary:

The unlawful entry of a structure to commit a felony or a theft. For reporting purposes, this definition includes: unlawful entry with intent to commit a larceny or a felony, breaking and entering with intent to commit larceny, housebreaking, safecracking, and all attempts to commit any of the aforementioned acts.

Motor Vehicle Theft:

The theft or attempted theft of a motor vehicle. (Motor vehicle theft is classified as any case where an automobile is taken by a person not having lawful access, even if the vehicle is later abandoned, including joy riding.)

Arson:

Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Other offenses:

Liquor law violations: The violation of laws or ordinances prohibiting: the manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining unlawful drinking places;

furnishing liquor to a minor or intemperate person; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; and all attempts to commit any of the aforementioned activities. (Drunkenness and driving under the influence are not included in this definition.)

Drug abuse violations: Violations of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include: opium or cocaine and their derivatives (morphine, heroin, and codeine); marijuana; synthetic narcotics (Demerol, methadone); and dangerous non-narcotic drugs (barbiturate, Benzedrine).

Weapon law violations: The violation of laws or ordinances dealing with weapon offenses, regulatory in nature, such as: the manufacture, sale, or possession of deadly weapons; the carrying of deadly weapons, concealed or openly; the furnishing of deadly weapons to minors; aliens possessing deadly weapons; and all attempts to commit any of the aforementioned acts.

VAWA offenses (Violence Against Women Act):

Domestic violence: A felony or misdemeanor crime of violence committed by a:

- current or former spouse or intimate partner of the victim,
- a person with whom the victim shares a child in common,
- a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner,
- a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies (under VAWA), or
- any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Dating violence: Violence committed by a person:

- who is or has been in a social relationship of a romantic or intimate nature with the victim; and
- where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - the length of the relationship,
 - the type of relationship, and
 - the frequency of interaction between the persons involved in the relationship.

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

- fear for his or her safety or the safety of others, or
- suffer substantial emotional distress.

Campus Security Statistics – Criminal Offenses

Statistics concerning the total number of criminal offenses reported to have occurred **on campus**.

Criminal Offense	Number of Offenses in 2021	Number of Offenses in 2022	Number of Offenses in 2023
Murder/Non-negligent manslaughter	0	0	0
Manslaughter by negligence	0	0	0
Rape	0	0	0
Fondling	0	0	0
