"I chose Cleveland Clinic Tradition Hospital because the program offered the diverse clinical experiences I was seeking in a PGY-1 residency. The program offers an array of electives and core experiences that align with my interests, such as emergency medicine, oncology, and academia. Also, during the interview process, I loved how welcoming the pharmacy team was. The program drew me in with its supportive work culture, and I felt that it would be the perfect fit for me to grow both clinically and professionally."
