

- 1) Upon registration, you will receive an e-mail to claim your child's fundraising page on Classy, our online fundraising platform. Click on the green box to begin.

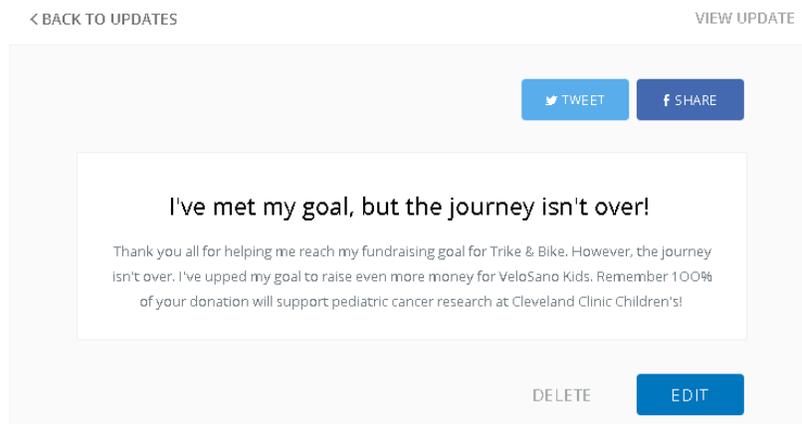

- 2) After clicking the box you will be directed to your participant center, where you will be able to edit your page. In the OVERVIEW tab, Classy will prompt you to add photos, create a story, jumpstart your child's fundraising with a donation, and share e-mails with supporters. Note that you can share the page to your social networks via the **SOCIAL** buttons or **LINK** button. To view your page at any time, click on the **VIEW** button in the top right corner of the screen.

- 3) Click on the **STORY** tab to change the main story on your child's page. You can use this space to tell potential supporters why your child is riding, share photos, and include quotes from your child. Click on the **UPDATES** tab to post updates on your child's fundraising or "training" progress!

Once you post an update, you can choose to share your update with your Facebook or Twitter network by using the social buttons above the update.

- 4) In the **DETAILS** tab, you can make major changes to your child's page, such as:
- Adding a nickname
  - Creating a headline for the page
  - Setting your goal (and setting a higher one once you meet your goal!)
  - Creating a vanity URL so that the link to your child's page is easier to remember and share.
