

What You Need to Know About Warfarin

Your healthcare team wants you to be confident as you start taking warfarin. To help you learn more about taking this medication, we have created a helpful video that answers many of the questions you may have. Please take a few minutes to watch this video, and contact your healthcare provider if you have any questions or concerns.

The video includes information about:

- What warfarin is
- How to take warfarin
- Blood tests you need while taking warfarin
- Warfarin and your diet
- Precautions to take while taking warfarin
- Possible side effects of the medication

How do I watch the video?

If you are in Cleveland Clinic, tune to Channel 77 on your in-room TV. The video is part of a rotating program cycle.

You can watch the video on your computer, phone or tablet.

Go to: clevelandclinic.org/warfarin

Click on the link in the “What is Warfarin” section to start the video.
