

Preceptorship in Cardiovascular Health in Pregnancy

Cleveland Clinic's OB/GYN & Women's Health Institute and the Heart & Vascular Institute organize this education program in an effort to increase physician awareness on the leading causes of maternal complications and death. During this two week period, physicians are exposed to lectures, patient rounds and OR observations covering a wide array of topics such as:

- High Risk or Maternal-Fetal Medicine OB Clinic
- Grand Rounds (both Obstetrics and Gynecology)
- Labor & Delivery
- High Risk Obstetrical Case Reviews
- Genetics in Obstetrics
- Pregnancy and Heart Disease
- Maternal Wellness Screening
- Obstetrical Simulation Training
