

Updated language for those attending off-site, in-person events where MASKS ARE RECOMMENDED:

Listed below is the updated language, and the instances how/where it should be used, regarding in-person events / conferences hosted by Cleveland Clinic that are not hosted in a hospital setting:

1. Registration/purchase/confirmation to attend an event (can be modified to fit the registration flow e.g., if they've already provided their name earlier in the registration process, using a checkbox to confirm vs. electronic signature, etc.)
2. Materials promoting the event / event signage.

To be used with registrations for off-site CCF sponsored events open to the public (likely to be via electronic signature OR a required checkbox function stating "I accept the Attestation and Waiver of Liability" with electronic registration)
