Dear New Center for Family Medicine Patients,

Thank you for your interest in the Center for Family Medicine! Established in 1976, the Center for Family Medicine provides high-quality, affordable and convenient primary medical care for people of all ages. We are eager to provide your family with our full range of primary care services.

The Center for Family Medicine is the office practice for the Fairview Hospital/Cleveland Clinic Family Medicine Residency Program. Our physician staff includes 18 resident physicians, six full-time physician faculty and a family nurse practitioner. All of our residents are fully qualified medical school graduates (with MD or DO degrees) who are specializing in Family Medicine. Generally, patients enrolling at the Center for Family Medicine will be assigned to a resident physician who will be their primary doctor. All care at the Center for Family Medicine is provided under the supervision of the faculty physicians. Our faculty physicians are "participating providers" with many insurance companies, and any services provided at the Center for Family Medicine will be covered under those plans. Our large physician staff allows us to offer extended and weekend office hours as well as many ancillary providers (behavioral scientist, patient education nurse, nurse practitioner, etc.) to make your care more accessible and comprehensive. See the enclosed brochure for the full description of our services — and keep it handy for future reference!

Enclosed is our Enrollment Packet that you requested. It includes one **Family Enrollment Form** and several **Medical History Forms** (one for each family member you wish to enroll). It is vital that we have the basic medical history information and the **Release of Medical Information Form** for each family member so that we can provide high-quality care to your family when it is needed. By completing these forms, you are giving us the necessary information to enter your family into our computer system and put together medical record charts for each family member so that we are prepared to serve you when necessary. **Please provide a copy of each side of all your insurance cards.** A postage-paid envelope is enclosed for your convenience.

Once you have returned your Enrollment forms to us, our office will process these promptly and you will be able to schedule appointments as necessary. Your prompt response in returning these forms will assure that we are able to begin care for your family as soon as possible.

Again, thank you for your interest in the Center for Family Medicine. We look forward to serving you.

Sincerely,

Denise Stamper
