

# Breastfeeding Medicine Clinic

**Are you worried you'll have issues breastfeeding or are you looking for additional support from breastfeeding experts?** The Breastfeeding Medicine Clinic at Hillcrest Hospital provides comprehensive breastfeeding care and support to families in need to help them reach their personal breastfeeding goals.

**Our team assists with various breastfeeding-related issues including:**

- › Latching difficulties
- › Infant slow weight gain/failure to thrive
- › Low milk production
- › Oversupply, engorgement or plugged milk ducts
- › Nipple pain or injury
- › Breast and nipple infections
- › Prematurity and complex medical conditions in babies that may hinder breastfeeding
- › Twins/multiples
- › Weaning
- › Breastfeeding following maternal breast surgery
- › Pumping and/or returning to work
- › Induced lactation for adoption

**Location**

Hillcrest MOB II, 2nd & 4th Floors  
6801 Mayfield Road  
Mayfield Heights, OH 44124
