

Most physicians performing services at Union Hospital are in private practice and are not covered by our Financial Assistance Policy (FAP). These physicians are identified in the attached Provider List below by physician and physician office name. You will receive a bill from us for the hospital services, and a separate bill from them for their physician services.

This list is effective as of 4/1/2022 and is updated quarterly. If you do not see a physician listed here and want to verify whether that person is currently covered under the Union Hospital FAP, please call 330.364.0842.
