Local Level Awards

Excellence in Care Management

Purpose: Presented in recognition of the distinct knowledge, qualities and teamwork demonstrated in daily work.

Eligibility: Any care management caregiver in Cleveland Clinic's Nursing Institute for at least three years. The nominee must have achieved "commendable" or higher on their last annual performance review and have no corrective action in the last two years. Past NEA honorees are eligible in the same award category after 10 years and in other award categories after 5 years. CNOs may make exceptions.

1. Describe how the nominee's work ethic provides a positive patient experience.
2. Describe how this nominee has embraced care management through teamwork and the development of strong relationships with patients, families and the interprofessional teams across the entire continuum of care.
3. Provide an example where you have seen the nominee use H.E.A.R.T.
4. Provide an example of the nominee demonstrating a commitment to the professional nursing practice of care management (e.g., certification, mentoring, promotes best practices, presentations, publishing).
5. Provide at least three examples of how the nominee aligns with the Cleveland Clinic Values.

Nightingale Physician Collaboration Award

Purpose: Presented in recognition of a physician who collaborates with nurses in a professional and positive manner to achieve a common goal of excellence in patient care.

Eligibility: Any physician with privileges at Cleveland Clinic for at least one year. The nominee must have had no FPPEs in the last two years. Past NEA honorees are eligible in the same award category after 10 years. CNOs may make exceptions.

1. Provide an example of how the nominee shares clinical expertise and shows respect and appreciation for the expertise of their nurse colleagues when collaborating on a common goal.
2. Provide an example showing how the nominee demonstrates a high degree of excellence and standards (honesty, integrity, trust, respect and transparency) and achieves them by continually measuring and improving outcomes in their area of expertise. Include an example of how nursing is positively impacted by this physician's high standards of care.
3. Provide an example showing how the nominee implements change with a positive demeanor.
4. Describe how the nominee's attitude, behavior and interpersonal skills enable them to respond to the needs of patients, families and fellow caregivers in a positive manner beyond expectation (e.g., H.E.A.R.T., active listening, engages the patient and family in dialogue, shared decision-making, provides a caring and supportive environment). The response should show how the nominee acknowledges and respects individual and cultural differences.
