# Cleveland Clinic Patient Dining through MyChart

Ordering meals is easier than ever now because you can order right from your device. Place your order for delivery or schedule it for a later time. Need help from a friend or family member? If you add them through "Friends and Family Access" in your MyChart Bedside, they may order on your behalf.

Personalized menus just for you.

The menu options you see will exclude your allergens and align with your prescribed diet.

Prefer not to use the app?

Check your menu for site-specific instructions on how to place your meal order in other ways.
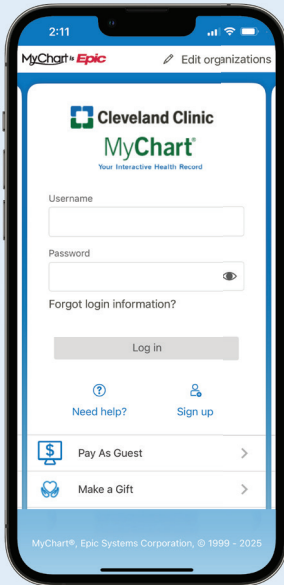

What if I'm on a special diet?

Nutrients will be tracked in the upper right corner of your screen. Green means you're within your diet guidelines. Red means you've exceeded your diet guidelines.

To view your prescribed diet, click your name (top right) to view it under "Diet Order."
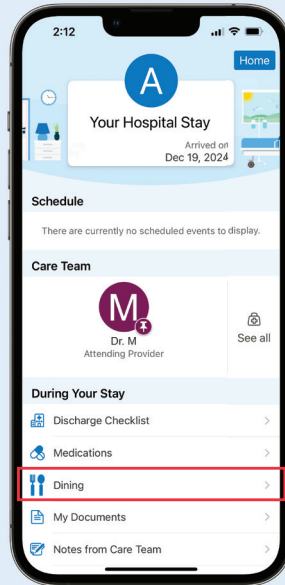

Need help?

For assistance with ordering through the MyChart app, call 866.915.3383.
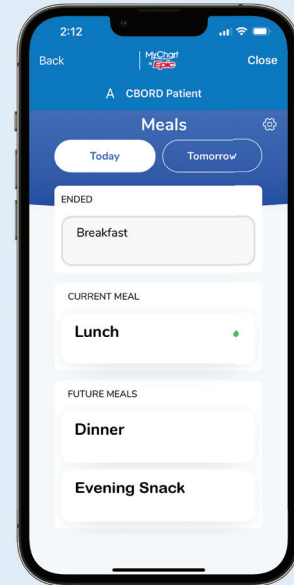

### STEP 1
Log into MyChart.

### STEP 2
Select the "Dining" link.

STEP 3
Select the day and meal you'd like to order.

STEP 4
Select "Categories" at the top of the screen to view all options.

STEP 5
Select your items and add to your order. When you're ready to check out, select "Order Summary."

STEP 6
Select your delivery time if prompted, then select "Place Order."
