Twinsburg, OH 44087

### Pediatric Infusion Clinics Offer Convenience for You and Your Child

At Cleveland Clinic Children's Hospital, we want to make state-of-the-art treatment as convenient as possible for you and your child.

We now offer expanded access to Pediatric Infusions Clinics for children and teens with Crohn's disease, juvenile arthritis, lupus, uveitis, dermatomyositis, allergies and endocrine conditions. Clinics are now offered three days a week at our East Side and West Side locations.

We hope to maximize convenience and minimize family stress. Please call us to schedule an infusion appointment at the location of your choice. (See chart on back.)

**Cleveland Clinic's Children's Hospital is ranked among the nation's best by *U.S. News & World Report*.**
