

ADHERENCE PHARMACY INTERNSHIP

Beachwood, OH | Non-traditional/Centralized Fulfillment/Mail Order

ABOUT OUR SITE *

Adherence Pharmacy provides proactive care to patients having multiple disease states requiring multiple medications. Compliance packaging and transplant are the two main subsets of patients history.]

INTERNSHIP AT A GLANCE *

Program structure: Summer-focused program while allowing for PRN role throughout the year during breaks]

Typical student level(s): All years, internship focus will vary based on student knowledge

Core experience: *Progressive experience of a combination of fulfillment and call center (patient care) work as educational level progresses*

TIME COMMITMENT & STAFFING *

- Full-time availability during summer
- PRN role during breaks

HOW YOU'LL GROW

Role typically begins with a heavy emphasis in Fulfillment and being able to see medications being dispensed. Some projects and basic drug information will be discussed. As intern progresses in school, the role will balance out with call center and eventually be primarily call center focusing on patient care including billing prescriptions, calling patients, performing patient counseling, and being introduced to pharmacist roles.

WHAT INTERNS DO

- Fill and ship medications in Fulfillment
- Discuss patient cases, medications, and perform other pertinent activities based on intern knowledge
- Bill prescriptions and perform patient outreach calls in call center]
- Introduction to pharmacist tasks

WHAT MAKES OUR PROGRAM UNIQUE (Optional, but encouraged)

This is a non-patient facing role located in a very busy department with varying roles for a wealth of experience in unique areas in pharmacy.

PROFESSIONAL DEVELOPMENT (Optional)

- Presentations/Projects
- Leadership Exposure
- Communication Skills including patient counseling, order documentation, professional communication with other health care providers
