

Inpatient Pharmacy Intern Program

Fairview Hospital

Fairview Hospital is a 488-bed acute care teaching hospital located at the western edge of Cleveland, Ohio.

We are proud to offer strong clinical Centers of Excellence include Heart, Cancer, Birthing, Surgery, and Emergency and Trauma Services.

Program Details

Eligibility

Applicants must be in their first year of professional pharmacy education within an ACPE-accredited doctor of pharmacy program (e.g., first year student in a four-year program or third year student in a six-year program). Applicants must be eligible for a pharmacy intern license in the state of Ohio. If selected, licensure must be obtained prior to start date and maintained throughout employment.

Schedule

Start and end dates are flexible based on academic schedules and department needs. Interns work full time throughout the summer months. Interns are scheduled to work every fourth weekend and will also participate in a holiday rotation.

Experiences

Pharmacy interns at Fairview Hospital gain hands-on experience in inpatient pharmacy operations through activities such as:

- Medication preparation, dispensing, and delivery to patient care areas
- Sterile and non-sterile compounding, in accordance with USP standards
- Inventory management and maintenance of automated dispensing cabinets
- Participation in patient care activities and educational opportunities

Development

Professional development for interns include:

- Monthly intern meetings
- Mock interviews
- Presentations on clinical trials or disease states
- Paid and unpaid shadowing hours
- Leadership opportunities such as Lead Intern
