

MARYMOUNT HOSPITAL PHARMACY INTERNSHIP

Garfield Heights, OH 44125 | Inpatient

ABOUT OUR SITE

Marymount Hospital is a 269-bed acute care community hospital within Cleveland Clinic, serving patients throughout southern and southeastern Cuyahoga County. The hospital provides a broad range of inpatient and specialty services, including emergency and critical care, behavioral health, cardiovascular care, orthopedics, oncology, stroke care, and surgical services.

INTERNSHIP AT A GLANCE

Program structure: Longitudinal, year-round internship

Typical student level(s): P1–P4 pharmacy students

Core experience: Inpatient pharmacy operations with clinical pharmacy exposure

TIME COMMITMENT & STAFFING

- **School-year expectations:** Work every third weekend (Saturday and Sunday), rotating between first and second shift. Additional hours are available for interns interested in picking up extra shifts
- **Summer/Winter expectations:** Continue every-third-weekend rotation. There is no additional required summer/winter break schedule, though interns are encouraged and welcome to work additional hours if interested.
- **Other important scheduling:** No on-call, float, or holiday requirements

HOW YOU'LL GROW

Interns build a strong foundation in inpatient pharmacy operations while progressively taking on greater responsibility as they advance through pharmacy school. Clinical experiences are incorporated based on each intern's interests, experience, and comfort level.

WHAT INTERNS DO

- **Central pharmacy operations:** Support medication distribution, carousel operations, medication preparation and prepacking (sterile and nonsterile), inventory management, and triaging pharmacy and nursing requests
- **Clinical activities:** Opportunities may include medication reconciliations, patient education, and participation in patient care activities based on experience, interest, and comfort level
- **Projects:** Participate in pharmacy projects and process improvement initiatives based on departmental needs and individual interests

WHAT MAKES OUR PROGRAM UNIQUE

Marymount offers the opportunity to build meaningful relationships within a close-knit pharmacy team while gaining broad inpatient pharmacy experience. The hospital's strong behavioral health presence also provides unique exposure to psychiatric pharmacotherapy and a diverse patient population.

HOW TO APPLY

Applications are submitted through Cleveland Clinic Careers/Workday. Internship postings may be available at different times throughout the year.
