

Program Purpose

The Infectious Diseases PGY2 pharmacy residency programs build on Doctor of Pharmacy (PharmD) education and PGY1 pharmacy residency programs to contribute to the development of clinical pharmacists in specialized areas of practice. PGY2 residencies provide residents with opportunities to function independently as practitioners by conceptualizing and integrating accumulated experience and knowledge and incorporating both into the provision of patient care or other advanced practice settings. Residents who successfully complete an accredited PGY2 pharmacy residency are prepared for advanced patient care, academic, or other specialized positions, along with board certification in Infectious Diseases pharmacy.

Program Structure

Residency program experiences include a combination of concentrated and longitudinal rotation experiences. Availability of experiences are as follows:

Learning Experience	Duration (minimum)	Designation	Sequence during residency year
Orientation	1 week (incumbent residents) or 5 weeks (new residents)	Required	July
General ID Consults	4 weeks	Required	First half preferred
Microbiology	4 weeks	Required	First half preferred
Endocarditis ID Consults	2 weeks	Required	First or second half
Bone & Joint ID Consults	2 weeks	Required	First or second half
Advanced Medicine/Surgical	2 weeks	Required	First half preferred
Pediatric ID 1	4 weeks	Required	First or second half
Pediatric ID 2	2 weeks	Elective	Second half preferred
Immunocompromised ID 1	4 weeks	Required	First or second half
Immunocompromised ID 2	4 weeks	Required	Second half, only after Immunocompromised ID 1
Neurosciences ID Consults	2 weeks	Required	First or second half
Antimicrobial Stewardship	4 weeks	Required	First half preferred
Community ID Practice	4 weeks	Elective	Second half preferred
ICU ID Rotation	4 weeks	Elective	Second half preferred
General ID/Antimicrobial Stewardship	4 weeks	Elective	Second half preferred, only after General ID Consults and Antimicrobial Stewardship
Antimicrobial Stewardship/Pandemic Response	4 weeks	Elective	Second half preferred, only after Antimicrobial Stewardship
HIV/ID Outpatient Clinic	Longitudinal, yearlong (1/2 day/week)	Required	N/A
Longitudinal Antimicrobial Stewardship & Formulary Management	Longitudinal, yearlong (15 weekends/year & ~5 hours/week)	Required	N/A
Large Project	Longitudinal, yearlong, (~3-5 hours/week) See research timeline for details	Required	N/A
Small Project	Longitudinal, yearlong (~2-3 hours/week) See research timeline for details	Required	N/A
Presentations/Education	Longitudinal, yearlong (~2-5 hours/month)	Required	N/A
On-Call	Longitudinal, yearlong (approximately 15 shifts/year)	Required	N/A
