

Caring for Caregivers

Offering confidential services that preserve, restore, and enhance the wellbeing of our caregivers.

1.800.989.8820 or 216.445.6970

Caring for Caregivers Programs

Caring for Caregivers offers confidential programs and services that help manage life's challenges, support work satisfaction, and promote overall wellbeing.

Professional Staff Assistance Program (PSAP)

Assessment, counseling, and resources (in-person or virtual appointments) for physicians and other professional staff. Also includes services for evaluation and treatment of impairment through the Physician Health Program (PHP).

Licensed Professionals Health Program (LPHP)

Restorative program for nurses and other licensed professionals dealing with issues of impairment.

Employee Assistance Program (EAP)

Short-term assessment, counseling, and/or referral (in-person or virtual appointments) for employees and dependent family members.

Wellbeing Resource and Referral Center

Wellbeing resources and referrals including online articles and seminars, a savings center, family dependent care search, legal assist, and financial counseling.

Services

Our services are provided at no cost and address a number of life areas, including:

- Marital and relationship issues
- Stress
- Grief and loss
