Clarity - An Emotional Well-Being Program

Clarity is a 4-month Cleveland Clinic eCoaching program that focuses on participants' overall emotional health and well-being. Qualifying participants will be paired with a dedicated eCoach whose work is overseen by a licensed clinician. eCoaches use proven modalities like Cognitive Behavioral Therapy (CBT) and Mindfulness along with providing homework assignments, articles, and other resources to assist the participant in meeting their personalized goals. This program is not a counseling program and is not intended to be used in place of counseling.

Interested in the program? Contact: Clarity@CCF.org

Stress Free Now Program – A Cleveland Clinic Wellness Program

Stress Free Now provides six weeks' worth of effective stress therapy without leaving home. Participants will receive: Six specially crafted relaxation practices – the heart of the program. Daily strategies with step-by-step instructions that will help you more effectively respond to life's stressors and move toward feeling happier. Daily e-mails that highlight the topic of the day, offer an inspiring quote, and remind you to do the relaxation practice. A stress assessment designed to measure your perceived stress and overall well-being at the start and end of the program. Daily topics that help you get the most out of the program by providing you with information on the science of what you are applying to your life.

Healthy Sleep eCoaching Program

Contact: 216.448.8880, Email eCoaching@ccf.org

In the Healthy Sleep Program you'll work with your coach to achieve optimal sleep. You'll evaluate current sleep behaviors, lifestyle choices that impact sleep and introduce new techniques to improve sleep quantity and quality. These techniques were developed with the help of Cleveland Clinic sleep experts to improve upon sleep from the comfort and privacy of your home.

GO! TO SLEEP® iOS App

Improve your sleep habits with Go! to Sleep, a unique app that assigns you a “sleep score,” rating the quality of your sleep. Survey questions relate to caffeine, alcohol, exercise and relaxation. Your answers are weighted by importance to create an overall score based on your lifestyle and morning and nighttime behaviors. The app includes a timer to keep track of your sleep and to record interrupted sleep. If you upgrade, you can see past results, chart progress and receive daily sleep tips.
