

Fellowship in Behavioral Neurology and Neuropsychiatry

The Cleveland Clinic Lou Ruvo Center for Brain Health is dedicated to improving the lives of people with neurodegenerative disorders, those at risk for such disorders, and their caregivers. The increasing prevalence of these disorders has created an urgent need for experts in the diagnosis and management of cognitive deterioration. Graduates of the Cleveland Clinic Fellowship in Behavioral Neurology and Neuropsychiatry will be superbly prepared to direct the care of adults with cognitive degeneration.

Why the Lou Ruvo Center for Brain Health?

During their two years of training, fellows will rotate through the Lou Ruvo Center for Brain Health's Cleveland and Las Vegas locations, and will be part of a multidisciplinary team. Through its state-of-the-art clinical, research, drug development, and educational programs, the Center is rapidly becoming a world leader in:

- Prediction and prevention of cognitive impairment
- Recognition and diagnosis of neurodegenerative syndromes
- Treatment of cognitive and behavioral complications
- Caregiver education and reduction of caregiver stress
- Leveraging community resources to benefit the cognitively impaired
- Application of biomarkers in clinical care

Fellowship in Behavioral Neurology and Neuropsychiatry

About Us

Cleveland Clinic

Cleveland Clinic is a nonprofit, multispecialty academic medical center, consistently ranked among the top five hospitals in America by *U.S. News & World Report*. Founded in 1921, it is dedicated to providing quality specialized care and includes an outpatient clinic, a hospital with more than 1,300 staffed beds, an education institute and a research institute.

Cleveland Clinic Neurological Institute

The multidisciplinary Neurological Institute is internationally known for superior diagnosis and treatment of neurological disorders ranging from the common to the most complex. More than 300 specialists combine clinical expertise, academic achievement and innovative research to accelerate transfer of investigational therapies unavailable elsewhere, for the benefit of adult and pediatric patients.

U.S. News & World Report's "America's Best Hospitals" survey consistently ranks Cleveland Clinic's neurology and neurosurgery programs among the top 10 in the nation. We are also ranked among the nation's top programs for rehabilitation. The neurology/neurosurgery, and pediatric neurology/neurosurgery programs are ranked best in Ohio.

Who You'll Work With. What You'll Learn

Behavioral Neurology and Neuropsychiatry fellows will gain substantial expertise by working with faculty in both Las Vegas and Cleveland. The fellowship's faculty roster includes specialists in:

- Behavioral neurology
- Social work
- Psychiatry
- Neuroradiology
- Geropsychiatry
- Movement disorders
- Psychology
- Neuro-ethics

Dedicated to excellence in the clinic, our faculty members are also experienced researchers and educators. There are ample opportunities and funding for involvement in clinical trials and investigator-initiated studies.

Board certified or eligible graduates of neurology, child neurology, psychiatry, or child and adolescent psychiatry may apply.

How to apply

To apply for the Fellowship in Behavioral Neurology and Neuropsychiatry, please submit the following:

1. Completed application form
(clevelandclinic.org/behavioralneurologyfellowship)
2. Current CV
3. Three letters of recommendation
(one from your residency or hospital director)
4. Personal statement
5. USMLE/COMLEX Score Reports
6. Medical School Diploma
7. All International Medical Graduates must submit a copy of their current ECFMG certificate and qualifying exam results.

Meet Our Physicians

LEADERSHIP

Jeffrey Cummings, MD, ScD

Director, Cleveland Clinic Lou Ruvo Center for Brain Health

Dr. Cummings is a world-renowned clinician-scientist and a forward-thinking strategist concerning how to deliver optimum care to the growing number of patients with neurodegenerative disorders. Dr. Cummings' contributions to the field have been recognized through the Henderson Award of the American Geriatrics Society (2006), the Research Award of the John Douglas French Alzheimer's Research Foundation (2008), the Ronald and Nancy Reagan Research Award of the national Alzheimer's Association (2008), and the Distinguished Scientist Award of the American Association of Geriatric Psychiatry (2010). Dr. Cummings has authored 31 books and over 600 peer-reviewed articles.

Dylan Wint, MD

Director, Fellowship in Behavioral Neurology and Neuropsychiatry, Lou Ruvo Center for Brain Health

Dr. Wint has focused his career on diagnosing and treating neurobehavioral disorders. Board-certified in both psychiatry and neurology, he has a comprehensive understanding of the whole range of brain disorders. Dr. Wint leads the professional education programs at the Cleveland Clinic Lou Ruvo Center for Brain Health. Before joining the Cleveland Clinic, Dr. Wint served as Director of the Program in Neurologic Psychiatry at Emory University Medical School.

FELLOWSHIP FACULTY: LAS VEGAS

Sarah Banks, PhD

Neuropsychologist, Lou Ruvo Center for Brain Health

Charles Bernick, MD

Associate Medical Director, Lou Ruvo Center for Brain Health

Gabriel Léger, MD, CM, FRCPC

Neurologist, Lou Ruvo Center for Brain Health

Donna Munic-Miller, PhD

Psychologist, Lou Ruvo Center for Brain Health

Ryan Walsh, MD, PhD

Director, Parkinson's Disease and Movement Disorders Program, Lou Ruvo Center for Brain Health

Timothy West, MD

Director, Multiple Sclerosis Program, Lou Ruvo Center for Brain Health

Kate Zhong, MD, MSC, FRCP

Senior Director, Clinical Research and Development, Lou Ruvo Center for Brain Health

FELLOWSHIP FACULTY: CLEVELAND

Brian Appleby, MD

Psychiatrist, Lou Ruvo Center for Brain Health

Aaron Bonner-Jackson, PhD

Neuropsychologist, Lou Ruvo Center for Brain Health

Paul Ford, PhD

Director, NeuroEthics Program, Department of Bioethics Associate Professor, Cleveland Clinic Lerner College of Medicine of Case Western Reserve University

Michael Parsons, PhD, ABPP

Neuropsychologist, Lou Ruvo Center for Brain Health

Micheal Phillips, MD

Section Head, Imaging Sciences Vice Chairman of Research and Academic Affairs, Imaging Institute

Jagan Pillai, MD, PhD

Neurologist, Lou Ruvo Center for Brain Health

Alex Rae-Grant, MD, FRCP(C)

Neurologist, Lou Ruvo Center for Brain Health Jane and Lee Seidman Chair for Advanced Neurological Education

Clinical Associate Professor, Cleveland Clinic Lerner College of Medicine of Case Western Reserve University

Patrick Sweeney, MD, FACP, FAAN

Neurologist, Department of Neurology and Lou Ruvo Center for Brain Health
