Getting Connected with eClevelandClinic

Cleveland Clinic’s electronic medical record (EMR) is a comprehensive documentation and information management system that securely stores a patient’s complete health history and makes it available to Cleveland Clinic physicians wherever and whenever it is needed. Only Cleveland Clinic physicians and authorized members of a patient’s care team can access the EMR, making the care process more efficient, improving patient safety and helping Cleveland Clinic deliver healthcare of uncompromising quality.

Our EMR also serves as a platform for these convenient, secure, web-based eClevelandClinic services, including MyChart, MyChartCaregiver, DrConnect and MyConsult.

For details, visit clevelandclinic.org/mychartinfo, clevelandclinic.org/drconnect, or clevelandclinic.org/myconsult.

Insurance

Cleveland Clinic participates in most insurance plans. Check with your plan’s member services department for specific questions about insurance coverage.

Nurse on Call

To speak with a registered nurse about your adult or pediatric health concerns, contact Nurse on Call Monday through Friday, from 8 a.m. to 11 p.m., at 216.444.1234 or 800.801.2273. If you see a Cleveland Clinic Family Health Center provider, simply call your doctor’s office after hours and you’ll be automatically connected to Nurse on Call.

Visit clevelandclinic.org/fhc

Our website offers up-to-date information on each family health center, including maps, services, a physician directory, a Health Talks calendar and free health information.

Patients receiving care at a Family Health Center may also be referred to a Cleveland Clinic Community Hospital for additional treatment or diagnosis. Our community hospitals provide patient-centered care that is backed by the medical expertise and specialties of Cleveland Clinic.
