

SPECIMEN TIME OUT

**All COVID-19 SWAB, FLU & RSV SPECIMENS
MUST BE PLACED ON ICE, DOUBLE BAGGED &
WALKED TO THE LAB.**

Do not send via the pneumatic tube system.

ALL PAPERWORK SHOULD BE PLACED IN OUTSIDE POCKET OF BIOHAZARD BAG

Please check that your specimen has the following components:

1. Patient label with:
 - Date
 - Time
 - Employee ID Number
2. Ensure patient identifiers on label match lab requisition.
3. Confirm that the cap on the collection kit is applied correctly to prevent specimen leakage.
