**Basis for Calculating Amounts Charged to Patients**

Cleveland Clinic Rehab Hospital utilizes the “prospective” method to determine the “amounts generally billed” (AGB) to individuals who have insurance covering other Medically Necessary Care. The AGB per diem applicable as of 1/1/2016 at our facility is \$1,399.

The amount was calculated using the Standard Medicare CMG payment rate for Rehab hospitals, which was then wage adjusted for the Cleveland Clinic market. This amount was then divided by the average length of stay for all CMG’s and a per day amount was derived.

AGB was calculated as the amount that Medicare and the Medicare beneficiary together would be expected to pay for the other medically necessary care at issue for the Cleveland Clinic Rehab hospital.
