

Department of Pharmacy

PGY1 Community-Based Pharmacy Residency – Specialty Pharmacy

**Program Purpose**

PGY1 residency programs build upon Doctor of Pharmacy (PharmD) education and outcomes to develop pharmacist practitioners with knowledge, skills, and abilities as defined in the educational competency areas, goals, and objectives. Residents who successfully complete PGY1 residency programs will be skilled in diverse patient care, practice management, leadership, and education, and be prepared to provide patient care, seek board certification in pharmacotherapy (i.e., BCPS), and pursue advanced education and training opportunities including postgraduate year two (PGY2) residencies.

**Program Structure**

Residency program experiences include a combination of concentrated and longitudinal rotation experiences. Availability of experiences are as follows:
